

Striped Bass Club
Board Meeting
July 2011

The un-iced fish: Make sure they stay iced and fresh. If you bring bad fish they won't be weighed. Don't leave them in the live well or on a stringer.

Leaving fish at the weigh in: Don't do it!!! Especially at gut check-either plan on staying or ask someone to take care of it.

Fundraiser raffle- we need to make a prize list. The proposal forms/letters were given out and there has been some interest. The forms explain what types of donations can be made to the club and what the benefit will be. If they donate over \$100.00 they will have free advertising on the back of the newsletter for a year.

Cast for Kids-there hasn't been a formal meeting. The event will be October 1, 2011. There is a preliminary meeting set up for 7/26/11 to discuss the events.

Striper Club Information (business cards and newsletters) were given to the owner of Sandy Cove.

Don Reibe has paid back another \$500.00 (Total was \$4500.00 all of which has been taken care of) and the last \$200.00 will be waived (he has donated fishing equipment, rods, reels, etc). Does the club want to let him fish? The consensus is yes he can fish.

September, October, November and December are still open for the picnic.

The tournament permit was renewed for October through March 2012. The cost was \$300.00.
